Curly-Coated Retriever Club of America

2009 NATIONAL SPECIALTY FIELD EVENTS

30th Anniversary

DEDICATED TO THE MEMORY OF OUR FRIEND **ROSS ROUND**

Ross Round

Many of us only got to see Ross once a year at the National Specialty and those times spent with him are some of my favorite memories. In the 20-plus years he owned curlies, Ross made his influence felt far and wide in our breed. This special man always made time to share his knowledge and passion for field work. Ross was often the first person to help a newcomer introduce his curly to birds and field work. He was patient with dog and owner, knowledgeable and had a gentle sense of humor.

Ross' own curlies were much-beloved and through the years, his photographs of his girls Calypso, Rio, Cleo, or Caylee retrieving, posing proudly with the day's limit, or simply sitting in a foggy duck blind were world-class. His images could make you feel the chill of his traditional Christmas morning hunt with wife Cindy and long for a hot cup of coffee. Ross was always generous with whatever he had: hunting stories, a bottle of wine, a good joke, and most of all, his uncritical friendship.

Those who knew him, miss him more than we can say and the breed has lost one of its best and brightest. It's fitting that when he left us, he was surrounded by his curlies. Ross, we all miss you.

Thank you Jane Kristof for sponsoring this ad!

Welcome!

The 2009 National Specialty Field Committee would like to welcome everyone to the Upland Working Test and Working Certificate Tests. We hope your day will be enjoyable. If this is your first time at a Working Test, please take the time to review the Rules of Etiquette and Test Requirements on the following pages.

Prizes:
Duck bands and ribbons and ribbons will be awarded to all dogs receiving a qualifying score.

Test Schedule:

Tuesday, April 21, 2009 Upland Working Test

Saturday, April, 25, 2009 Working Certificate Tests

The order of the tests will be established by the judges on the day of the test.
Bitches in season will run last.

Field Test Participants, Spectators and Gallery Etiquette

Please remember that we are guests at the **August A Busch Memorial Conservation Area** and the **Sorenson Kennels**. Treat the grounds with respect and please stay in the area designated by the marshal. Carefully extinguish all cigarettes and matches. No alcoholic beverages allowed.

Non-competing dogs are not allowed on the test grounds. Do not allow your dog to distract the dog that is being tested.

Reasonable silence, good manners and sportsmanlike conduct are required of all spectators. Any spectator interfering with any test will be directed to leave the hunt grounds. No dogs are allowed in the Spectator's Gallery. Feel free to ask questions. Respect the fact that some handlers and their dogs may be new at this and nervous about competing.

Please keep your dog on leash at all times. Exercise your dog, and then hold him in the designated Ready Area. Clean up after yourselves and your dogs.

While other dogs are being tested either on land or water, please refrain from loud talking or other noises, or from unnecessary motion and do not applaud until the dog has completed the tests and is leaving the line; all may be distracting and seriously interfere with the working dog.

Bitches in season will be allowed to run the tests after all other dogs have run. Please keep all bitches in season completely away from the Test Area until their turn.

Be aware that we are using live ammo during testing. Please watch yourself and your children.

Thank you,
Curly Competitors and Volunteers

Glossary for Upland and Working Tests

Retrieve: A dog shall proceed quickly and eagerly on land or into the water to the birds, and return promptly with the bird to the handler.

Marked Fall: Birds that the dog had cleanly seen.

Steady: The dog that waits quietly beside its handler and does not retrieve until commanded to do so.

Break: The dog makes a movement indicating the deliberate intent to retrieve without having been ordered by its handler and does not return to the handler's side when ordered to return.

Controlled Break: A dog makes an attempt to retrieve and is quickly brought back to the handler's side.

Blind Retrieve: The dog is directed by its handler to retrieve a bird that it has not seen fall. Hand signals, voice, and whistles are used to guide the dog to the bird.

Honor: The dog must watch another dog retrieve its marked falls.

Gallery: The spectators observing the WC test who shall remain far enough from the retrieving line so they do not interfere with the judges, handler or dog's ability to see its handler while out in the field.

Quartering: A test to evaluate a dog's attempt to find game in cover by hunting with it's nose and eyes within reasonable gun range of the Handler.

Retrieving Line: The area the judges, handler and dog work out of.

Trailing: A test to evaluate a dog's ability to find a scent trail and follow it to the bird without Handler knowing where the bird is located.

Walk-Up: A test to demonstrate the ability for a dog walking at heel with Handler to sneak up, flush sitting birds and for the dog to retrieve a shot bird.

Eligibility

Any Curly-Coated Retriever six months of age or older and registered with the AKC, UKC, FDSB, or CKC or any other foreign kennel club maintaining a national registry shall be eligible to participate in the CCRCA working certificate tests and upland working test . The test organizers shall have the option of opening the tests to other retrievers; time allowing and assuming the tests meet that breed's parent club's standards for such tests. The CCRCA shall not issue certificates to any breed other than Curly-Coated Retrievers.

In addition, any Curly-Coated Retriever that meets one of the above requirements may earn a CCRCA Working Certificate by successfully completing any working test held by the breed clubs of other retrievers or of Irish Water Spaniels, so long as the tests meet the minimum requirements for the appropriate Working Certificate of the CCRCA.

Any qualifying score at an AKC licensed Junior Hunting stake, or an HRC Started stake, or NAHRA Started stake will qualify a dog for a WC title.

Any qualifying score at an AKC licensed Senior stake or HRC Seasoned stake or NAHRA Intermediate stake, or completion of a Derby stake at an AKC sanctioned or licensed trial, will qualify a dog for a WCX title.

Any qualifying score at an AKC licensed Master stake or HRC Finished stake or NAHRA Senior stake, or completion of a Qualifying, Amateur, or Open stake at an AKC sanctioned or licensed trial, will qualify a dog for the WCQ title.

Disqualifications

Sending the dog before the judge's signal or an uncontrolled break.

Refusal to pick up the bird or dropping and leaving the bird before returning across the line to within a five-foot radius of the handler. Dropping the bird while the dog is adjusting its hold is not grounds for disqualification.

For the WCX or WCQ not delivering the bird to hand.

Flagrant refusal to enter water, cover, mud or other unpleasant or difficult terrain if the dog must do so to return the bird expeditiously. However, a dog which bank runs or avoids cover on the WC or WCX tests will not be disqualified so long as it completes the retrieve in satisfactory fashion.

Unwillingness to deliver the bird to the handler or refusal to release the bird to the handler.

Evidence of hard mouth, that is, badly damaging the bird, making it unfit for the table.

Manhandling or abuse of the dog by the handler, either on or off the line.

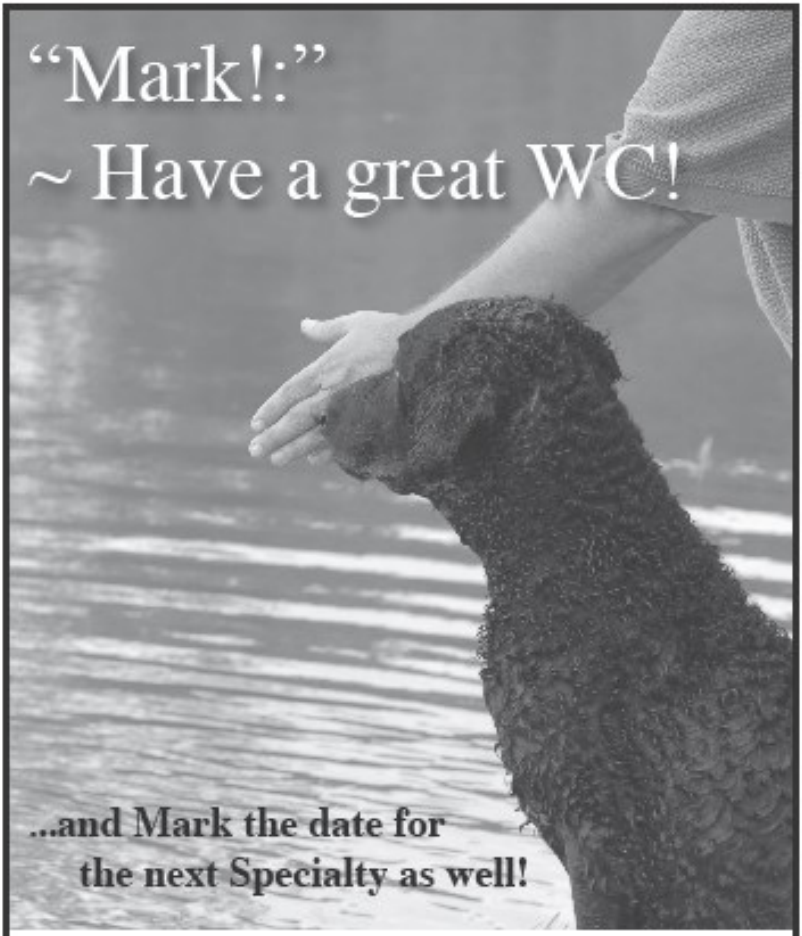
Severe gun shyness.

For the WCX or WCQ, after finding the bird, switching and picking up another bird.

Clear failure to mark at least the vicinity of a fall, which the dog had reasonable opportunity to mark.

Serious displays of meanness, such as unprovoked attacking of another dog in the blind or en route to or from the line and/or snapping at the judges or others near the test area, shall be considered grounds for disqualification.

A minor fault repeated shall be treated as major and either it or an accumulation of different minor faults shall, if deemed excessive by the judges, be grounds for disqualification.



The **2010 National Specialty** will be Division III's turn to shine. We invite you to attend a really special series of events, including two regional club Specialties, by the NCCCRC* and the CCRCSC**

Looking forward to seeing you,

April 19-25, 2010

Upland Working Certificate
Judges / Judges' Guidelines

Two judges are required for the Upland Working Certificate (UWC) test, at least one of which meets the following criteria:

An individual deemed qualified by the CCRCA field committee*; or

An individual who has served as an apprentice judge at another CCRCA Upland Test, or

A Licensed HRC Upland Judge; or

A NAHRA judge, qualified at the Senior level.

This qualification to be dropped as sufficient Club members are trained as apprentices during CCRCA events. It is recommended that gunners at every event receive sufficient instruction from the judge to qualify as apprentices, allowing them to judge future events.

It is recommended that one of the judges also gun to limit the size of the hunting party.

Cleo

Cabot

Tenor

This was taken in 2008 after Bob and Rosie had placed 4th in the Open stake and 4th in the Amateur stake at a field trial in MN. A very good weekend for Rosie, since she was only entered in two trials that weekend.

Bob has been in dogs for over 30 years and has competed in almost every performance event offered by the AKC including field trials, hunting tests, obedience trials, rally trials & tracking tests. He is an AKC judge in both retriever and spaniel hunt tests. In addition he has taught obedience classes, started 2 obedience schools and helped our friends train pointers, retrievers and spaniels for hunting and test competition. His first dog was a HIT Miniature Schnauzer, Blackstone Annie CDX. He and his wife have bred and owned Irish Water Spaniels who have been group placers, have been DWA's and nationally ranked in obedience competition. Along with his wife he has bred or owned 15 Irish Water Spaniels who have been "AKC All-Around Irish Water Spaniels", plus three who were All-Arounders" before the IWSCA recognized that, from Ch Saracen Hawkeye UD JH to his son Ch MiJo's Irish Rogue CDX JH WC, a multi-group placer, to the latest - Ch Saracen Blue Thunder on the Marsh CD JH, the 6th generation of All-Arounders. In between these boys was his favorite girl Briar - Ch Saracen Diamonds Are Forever CD JH TDX.

In 2002 Bob and his wife imported a lovely field bred English Cocker from the noted Elan kennel in the UK. She became FC Elan Rosie MH, handled to all her titles by Bob. She has been the foundation of the Saracen field bred English Cocker Spaniels. Bob and Susan have continued the rich heritage inherited in Rosie in her offspring - Zip, Saracen Black Adder MH; Tigger – Saracen Iceman, 20 mos old with 2 legs on his MH.

Robert Deihl

I have bird hunted with dogs since I was 15 years old, both upland and waterfowl. As a tax paying adult, my first personal bird dogs were labs. We became involved in local bird dog competitions in 1988. I switched over to CCRs in 1990 and have been addicted to them ever since. The competing has accelerated from just a few local trials to running yearround BDC and UFTA trials, as well as helping the dogs earn their titles in AKC, UKC, and NAVHDA. I currently share my house with four CCRs(Chippy, Deke, Tule and Rhino), a German wirehaired pointer(Angus) and a German shorthaired pointer(Ernie) just to keep things diverse.

Field Accomplishments:

- Four NBDCA flushing championships with Chippy
- Five NBDCA flushing championships and Three NBDCA Doubles championships with Deke
- First Flushing Championship ever in the UFTA with Chippy
- Puppy Hi-point dog of the year PHU and Lee -Neary /St.Jude Doubles winner with Chippy
- NBDCA high point dog of the year with Angus
- Multiple AKC, UKC, and NAVHDA titles with all dogs
- Judged preliminary UWC at 2007 Specialty in Racine, WI

I look forward to encouraging upland hunting in the CCR breed and will help in any way that I can.

Alex Shull

CURLY-COATED RETRIEVER CLUB OF AMERICA

UPLAND WORKING TEST PROGRAM

Revised January 18, 2007

"The purpose of the CCRCA Upland Working Test is for a Curly to show hunt desire, bird sense, trainability and teamwork when hunting with it's handler while under judgment."

Ann Shinkle

Requirements, Upland Working Test

The Upland Working Test will be conducted according to the rules already established for the CCRCA's Working Certificate, plus the changes or additions to these rules, which follow:
The Upland Game Test shall consist of a simulated walk-up hunt with a retrieve, a quartering test with two flushes, a blind locate of a dead bird and a tracking test. Since the purpose of this test is to primarily judge natural ability rather than handling and training, the dog need not be steady to wing and shot, but must remain under reasonable voice control of the handler. During this test, the dog will be required to locate and retrieve game as the Judges shall direct. In all tests, the dog shall retrieve the bird to within 5 feet of the handler. The handler shall not move towards the dog to shorten the retrieve, but they may move to an open area to receive the bird.

1. Walk-up: This should be the first test in the series as it will be used to check for gun shyness. – The dog shall be under reasonable voice control of the handler. At the judges signal, a gunner no closer than 25 yards nor more than 40 yards from the dog shall hail the dog (e.g. "there goes one") to gain the dogs attention, simultaneously launch a fresh killed bird and then fire a popper at the bird. The bird shall land in an area of relatively light cover. The dog is free to retrieve the bird as soon as it is in the air. This is not a steadiness test. The judge shall watch the dog for any sign of gun shyness, and if noted, for the sake of the dog, it should be prevented from further participation in the test.

2. Quartering: The dog hunts in a radius ideally 10 to 30 yards to the front of the Handler and Hunting party. The Hunting Party shall consist of the judge, the handler and two gunners. The judge may also gun if there are insufficient gunners available. The gunners should be capable shots, but as in real hunting, it is not possible to guarantee that all birds will be hit. In all cases, a

natural flush is preferred to the use of traps, pens, cages or other devices designed to contain and then release birds during the quartering test. However, when conditions exist that prohibit the use of natural flushes (e.g., weather, poor birds, insufficient cover, etc.), such devises may be utilized but must be sufficiently camouflaged. The live bird shall be flushed (thrown or released) in full view of the dog. The distance from the bird to the dog should be within scenting distance when the bird is released. The dog is not required to be steady to wing and steady to shot but should return to the handler upon being called and/or whistle commanded. If the gunners do not kill the bird and the dog does not return with reasonable promptness to the hunting area when called, the test may be failed. The dog should be eager to hunt all available cover diligently and be under control. The intent of the quartering test is not to demonstrate running a pattern, but to demonstrate a natural tendency to hunt and be under control. Each Dog must be presented with a minimum of two (2) birds to "flush" in the quartering test.

3. Blind: The dog shall be required to locate a bird that is shot, but the fall of which is not seen. Out of the sight of the dog and handler, a fresh killed bird is thrown into a marked area of heavy cover of approximately 625 square feet (25' x 25'). A gunshot is fired. The handler and the dog walk into the marked area of the fall and the dog is instructed to find the bird. The handler may encourage their dog to search with voice commands, but must remain in one place. If the dog leaves the area it may be called back and encouraged to continue its hunt. The dog is expected to find the bird and return it to the handler.

4. Trailing: The dog shall be required to trail, locate a bird and deliver it to hand. It shall be judged on its natural ability and the use of its nose to locate and follow the trail. It shall not matter in what manner the dog follows the trail, e.g. The dog may stay precisely on the trail with nose down or close quarter back and

forth across the trail with head up or run a few yards downwind of the trail with his head held high. It is the intent of this test to have a dog indicate scent, follow the trail and locate the bird in a natural hunting manner. A dog that quarters widely and does not demonstrate that it is following the trail shall not pass. A dog may be urged to hunt by moderate voice or whistle commands, but handlers may not enter the area of the trail. Hand signals are inappropriate and shall not be used other than to put the dog onto the beginning of the trail. Dogs shall be required to trail a minimum distance of 50 yards and shall not exceed 70 yards. Judges are urged to create a trail that simulates a realistic scenario and not to simply go through the motions with a straight-line drag. The trail should contain at least one distinguishable change in direction. It is permissible to drag a trail to a dead bird or to release a clipped wing bird.

SCORING

There is no formal scoring for a UWC. The Judge shall use their experience with dogs to determine if this dog is or has the natural ability to become a strong upland hunter. The dog must successfully complete all four sections of the test. However, just picking up all of the birds is not enough to be considered passing. A fault, even if minor, which is repeated multiple times, may remove the dog from consideration.

Mitch White

Professional Field trainer and Seminar Speaker

April 22, 2009

1:00 pm

Purina Farms

Mitch has been training field dogs since 1988 when he got his first retriever, a chocolate lab named Hershey. Mitch and his wife Maria developed Gamekeepers Retriever, Ltd. and have bred/owned and/or trained several Champion-Master Hunter dogs including past Westminster Best of Breed Winners and top ranked Sporting Group Specials. Using the Gamekeepers program Mitch trains all of the retriever breeds, standard poodles and a few of the spaniels. Mitch is recognized for being the Pro that consistently appears at Hunt Tests running stylish, hardworking dogs from the "minority breeds". A fellow Pro Trainer once dubbed Mitch's dog truck "The United Nations of the Retriever World". Mitch's training program uses an educational approach with the dogs that presents a step by step process with an emphasis on attitude and style. Mitch has conducted seminars all across the United States and in Canada and he is working on finishing the last book in a series of training manuals which will be published in the near future. Mitch has appeared on outdoor television shows and

2009 CCRCA National Specialty Super Singles Rules

General
Super singles are a retrieving competition akin to a Field Trial. Competing dogs will run progressively harder single marked retrieves until they fail or there is sufficient distinction between the dogs to determine which dog is a better marker/retriever on that given day. There shall be two groups; Puppy and Open. Ribbons will be awarded for first through fourth place in each group.

Eligibility
The Puppy Group is open to all Curly Coated Retrievers up to 18 months of age. The Open Group is for Curly Coated Retrievers of all ages.

Rules
1. All marks shall be on land.
2. The dog may be restrained or steady.
3. Dogs shall not be released until directed by the judge. A controlled break is not grounds for disqualification.
4. Fresh birds shall be used.
5. The bird shall be delivered to hand in Open and within 10 feet of the handler in the Puppy Group.
6. The judges may ask the handler to pick up any dog no longer in competition for placement.
7. A dog may be required to run up to three consecutive marks of increasing difficulty. After three marks the dog shall be given time to recover before additional marks are run.

8. Dogs should be held in blinds and not allowed to view other working dogs while they wait to perform their retrieves.
9. Handling is allowable, but this is a marking competition and dogs that need to be handled should be judged accordingly.

Judging

The judges shall use their experience to determine the best marker/retriever on that given day.

The following traits are deemed desirable and should be considered when judging:

- Intensity – desire to retrieve.
- Marking – direct movement to the area of the fall, with minimal hunting.
- Retrieving – Quick pick up of bird, return promptly to the handler, clean delivery.

The following traits are secondary in importance and should only be used to break ties;

- Speed – as opposed to intensity, how fast the dog runs is not critical. Taking into consideration the dog's age, a faster run is preferable to a slower pace.
- Retrieving Line Manners – a steady dog exhibiting similar ability to a non-steady dog shall be rewarded.
- Perseverance – a straight line to the mark is desirable, but if the dog avoids minor obstacles and still marks well it should not be penalized. However, if two dogs mark equally well the one running the straighter line should be rewarded.

Working Certificate Test
Judges / Judges' Guidelines

There shall be two judges for each set of tests.

The combined experience of a set of two judges shall include at least three AKC licensed retriever field trials or three AKC, HRC (UKC), or NAHRA licensed hunting retriever tests or any three of these in combination.

At least one of the judges shall have qualified a dog in the same or similar test; i.e., tests including the same or greater elements as the level of test to be judged. This includes, but is not limited to, qualifying a dog in other retriever breed's Working Certificate Tests, AKC Hunt Tests, NAHRA Field Tests, HRC/UKC Hunt Tests and AKC Field Trials.

Judges should be mailed the requirements of the various working dog certificates at least two weeks before the test.

Upon completion of the tests, both judges shall complete and sign the Verification Form for the test, marking pass or fail, and give this completed form to the owner or handler at events not sponsored by the CCRCA.

Ron & Farley— Hunting Mountain Grouse

Susan Sarracino-Deihl with Ch Saracen Resolute CDX JH RAE WC
This was after the 2007 IWSCA national. Rascal was High Veteran in Obedience at the trial. In 2008 he was 1st in Rally Excellent, 2nd in Rally Advanced, 1st in Utility A and High Veteran in the Obedience Trial. Not bad for an 11 yr old. I would like to say that he finished his UD, but no luck. Hope to do that this spring!

My original breed was the Irish Water Spaniel over thirty years ago. As a total novice I expected my first Irisher to do everything. And he did – a Ch and BOB at the supported entry to the 1979 IWSCA National Specialty – a Dog World Award in obedience - one of three Irishers run in licensed retriever field trials in the '70's. That started a long love affair with the Irisher breeding for the 'total' dog. Bob and I have owned or bred 15 IWSCA All-Around Irish Water Spaniels + three who were "All-Arounders" before the IWSCA recognized that, nationally ranked group placers, HIT obedience winners, multiple hunt test titled Irishers, TD & TDX Irishers and an amateur all-age qualified Irisher. Our Irish crew at home range from our 14 yr old Spike - Ch Saracen's One Speed Only UD TD JH RN WC - to our Paddy – Ch Saracen Blue Thunder on the Marsh CD JH, the 6th generation of our IWSCA All-Arounders - to 'baby' Diva. At 20 months she is just starting her career.

In 2002 we imported our first field bred English Cocker Spaniel from the famed Elan cocker line in the UK. She has been everything we could ask for becoming FC Elan Rosie MH under Bob's handling. Our breeding program has continued to pass on her rich heritage as evidenced by her offspring exelling in the field – "Zip" Saracen Black Adder MH, 2 yr old Tigger and Taylor with 2 legs on their MH. Susan is an AKC judge in both retriever and spaniel hunt tests.

Susan Sarracino-Deihl

This year it will be twenty six years since I became a member of the Curly-Coated Retriever Club of America and I am finely stepping up to give back to the club by co-judging the Working Certificate Tests at the National Specialty being held at Purina Farms in Gray Summit, Missouri.
I began my hunting career when I married my Army husband Herschel. In an effort to stay close to him when he was home, especially during hunting season I would go to the Dove fields and watch him shoot the birds I had to cook later. I was the chief retriever, cook and bottle washer, which got real old fast that first season. The next season with my new shotgun that he gave me for our wedding anniversary I started shooting and learned how to handle a gun and could put several boxes of shot shells through it and have maybe one or two birds for the day. Oh yeah, we did get a Labrador retriever eventually; we trained her to the CDX level. That dog was really what started me on my path to dog training and the wonderful Curly-Coated Retriever breed.

Now fast forward several years and after two tours in Germany and a few duty stations in the States we ended up in Hinesville, Georgia with a Labrador and a Curly. Through friends we became members of the newly formed Coastal Empire HRC club affiliated with the Hunting Retriever Club, Inc. and that's where I started running my Curly Ben in hunt tests and I began my judging career beginning as an apprentice judge in Started and ending as a licensed AA Finished judge.

Mary Veitch

CURLY-COATED RETRIEVER CLUB OF AMERICA

WORKING CERTIFICATE PROGRAM

Revised 2001

The purpose of the Curly-Coated Retriever Working Certificate Program is to foster and encourage the natural retrieving abilities of the breed. It is designed to prove effective use of nose, marking ability, swimming, perseverance and the ability to work with the handler. The Working Certificate test (hereafter WC) shall consist of simple land and water tests, which will allow the basic natural ability of the Curly to be ascertained. The Working Certificate Excellent test (hereafter WCX) will test to a somewhat higher level of difficulty. The Working Certificate Qualified (hereafter WCQ) will not only test marking at the level expected of a finished dog, but also the ability to handle so as to determine trainability. To qualify for a certificate, all the required tests must be passed at the same series of tests. Birds that may be used include grouse, pheasant, quail, duck, chukar partridges, and pigeon. Handlers will be notified in advance as to which birds will be used. All dead birds used will be freshly killed. Bitches in season are eligible to run only after all other dogs have completed the series. In the meantime, they must be kept off the test site and away from the other dogs. The work "dog" throughout this document will refer to either sex.

Requirements, WC

The land test, a single, shall consist of a freshly killed bird thrown 40 to 50 yards from the line in light to moderate cover. The throw shall be accompanied by a shotgun shot, either live shells or blanks. The dog need not be steady and may be restrained.

The water test shall consist of back-to-back singles, using ducks in open swimming water. The first bird shall be thrown 25 to 35 yards from the line, accompanied by a shotgun shot. The bird must be visible from the line when in the water. The second retrieve will have the same requirements as the first except it must land approximately 60 degrees or more from the first retrieve and be in light cover. The line may be moved so that the fall will be in a different area from the first retrieve.

For both the land and water tests, it is not necessary for the dog to be steady and return the bird to hand. However, the bird must be delivered across the line to within an approximate five-foot radius of the handler. The judges should look for evidence of severe gun shyness; that is, any attempt to bolt away at the sound of the shot so that the dog has to be restrained.

For both land and water tests, all guns shall be plainly visible to the dog from the line and shall not retire after firing.

If, in the opinion of the judges, the dog did not have a reasonable chance to mark the fall or was confused for reasons beyond its control, the test may be repeated or the dog recalled to the line by the handler and resent without penalty.

Thank you for your
guidance,
Thank you or your time,
and most of all
Thank you for the courage to try.

Elizabeth Bailey

Requirements, WCX

The land test shall consist of one double mark on land. One bird shall be thrown approximately 50 yards from the line; the second may be up to 100 yards from the line. One bird shall be a shot flyer. The birds must land in light to moderate cover approximately 60 to 90 degrees apart. The dog may not be physically restrained at the line. A shotgun shot will accompany the fall of each bird.

The water test will also consist of a double mark. It will utilize ducks, one thrown approximately 50 yards from the line, the second not over 100 yards. The birds must land approximately 60-90 degrees from each other, and at least one downed bird shall not be visible from the line. As in the WC, a shotgun shot must accompany the fall of each bird. When circumstances allow, it is recommended that one bird in the water test shall be a shot flyer.

In both the land and water tests, the dog must be steady and deliver to hand, but is not required to sit or heel before doing so. A controlled break shall be considered a minor fault, not by itself grounds for the disqualification of a dog being tested.

For both land and water tests, all guns shall be plainly visible to the dog from the line and shall not retire after firing.

Decoys shall be used in at least one test (normally, the water test).

Curly Coated Retrievers

wishes everyone good luck and good fun at the 2009 CCRCA field events!
Although we are unable to do much in the field ourselves, we are proud to say that others have used dogs bred by Avanti to produce 30 field titles,
including the breed's first Ch, MH out of Ch Avanti's Best Bet, ROM!

Leslie Puppo
Avanticcr@yahoo.com

Requirements, WCQ

The land test shall be a triple mark in moderate to heavy cover with falls of up to 120 yards. One of the birds shall be a shot flyer. A shotgun shot or shots will accompany each fall. The test will involve changes of cover, terrain, or other barriers.

The water test shall be a double mark in light to moderate cover utilizing ducks. The downed birds shall not be visible from the line. Falls may be up to 100 yards from the line and preferably of different lengths. A significant portion, but not all, of either mark needs to be through water. This test should include changes of terrain, cover, or other barriers, and the angle of the falls shall be sufficiently tight to provide some temptation to switch or go back to re-hunt the first fall after having retrieved that bird. A shotgun shot or shots shall accompany the throwing of each bird.

For both the land and water retrieves all guns shall be plainly visible to the dog from the line.

Dogs must be steady and deliver to hand. Severe bank running or serious cheating on cover will be considered grounds for failing a test.

Dogs shall be required to honor while another dog is sent on one set of marks. The honoring dog will remain where indicated by the judges until the working dog has left the line and/or has been released by the judges. It is permissible to speak to the honoring dog as long as it does not interfere with the working dog. A dog whose failure to honor interferes with the running dog shall be disqualified.
The land blind will be a planted bird up to 100 yards from the line in light cover, or up to 75 yards in moderate cover. The blind shall be placed so that is cannot be readily winded until the dog has approached the vicinity and gone nearly the full distance to the bird. Whistle and hand signals and such commands as “over” and “back” may be used to direct the dog to the bird. Dogs should look, but need not sit on whistle. Repeated refusals to handle or respond to whistle

shall be deemed grounds for failing the test. Dogs will be expected to take a line from the handler and carry it a considerable distance. If early correction of the line is necessary, then the dog should carry the secondary line from the handler and carry it a considerable distance. Failure to do so, with the result that the dog must be handled excessively, shall also be deemed grounds for failure.

The water blind will be a planted bird up to 100 yards from the line in light to moderate cover. It need not be in the water, but a good portion of the route to the bird must be through swimming water. Other requirements are the same as to the land blind. One of the blinds, either land or water, shall be in the vicinity of earlier marking tests, so as to create some confusion or distraction for the dogs to cope with.

2008 CCRCA Field Trophy Winner

Curly-Coated Retriever Club of America's
The Sarona Jacob of Marvadel
&
Sarona Sam of Marvadel
2008 Memorial Field Trophy Winner

Rhino was the puppy that was left over when all the rest of the puppies went to their new homes so he was the one we kept. This was fine with us as we liked the ridge of hair down his nose anyhow. He has grown up to be a pleasant dog to be around. He is a nice blend between Chippy and Tule's features; he has a great nose, loves his birds and is very trainable. He can run upland all morning and then switch gears to run nice straight lines on marks and blinds in the afternoon . He makes the transition nicely between when to use his eyes and when to use his nose in each situation. Things involving live birds are his absolute favorite, but he puts up with drill work with a good attitude. One of his best features in the field is how nice he is to travel with and run both hunting and testing. He eases any test jitters because he does the work cleanly without that wild card element of surprise. His future holds the highest level of field testing that he can do with style and many years of upland hunting and trialing while taking an occasional romp around a conformation or obedience ring because he likes to strut his stuff as well.

A family tradition, both sire and dam were previous field trophy recipients

Curly Coated Retrievers

...welcomes all to the 2009 National Working Test!

It's been an exciting couple of years at Sun Devil Curlies!
Here are some highlights from the past two years:

Chant: HR Sun Devil Dreaming of Chantico CD MH WCQ UWC

- 2007 Winner of Sarona Sam and Sarona Jacob Field Trophy.
- HR, SH, CD, WCX, WCQ & UWC in 2007.
- AKC Master Hunter title and AKC Bench Title in 2008.
- First CCR bitch in the history of the breed to obtain **both** an AKC Master Hunter title and an AKC bench Championship!

Quik: Ch Sun Devil Seas Blazing for Shore WC UWC

- Earned her WC, UWC, and bench Championship in 2008!

Angus: HR Ch Sun Devil Spectacular Bid JH WC

- Earned HR & WC in 2007.
- Earned his AKC Junior Hunter title in 2008.

CCRCA Breeder of the Year winner in 2007 & 2008

It is with profound appreciation to ALL the great owners of my dogs who have achieved such great successes in the field, show, obedience and agility venues! Because of all your efforts, I have had the honor of being awarded this trophy for the past two years.

Hunting Retriever Titles:
What Do Those Letters Mean?

Field Champion / Amateur Field Champion Title

The titles below are reserved for only the best retrievers as they can only be earned by WINNING through competition. It is estimated that less than 1% of all retrievers have earned the FC/AFC title. These are the dogs to look for in your pedigree!

- **NFC = National Field Champion:** This title is awarded once yearly to the dog that wins the National Open. It is the most coveted of all retriever field titles.

- **NAFC = National Amateur Field Champion:** This title is awarded once yearly to the dog that wins the National Amateur. This competition is much like the National Open except that all handlers are amateurs.

- **FC = Field Champion:** This title is awarded to dogs that have won an Open at a licensed field trial and have acquired 5 additional Open points.

- **AFC = Amateur Field Champion:** This title is earned as above (FC) when handled by an amateur or by winning an Amateur stake at a field trial and acquiring 10 additional Amateur points.

- **DC = Dual Champion:** This title is awarded to dogs that have both a FC and have earned its' bench Ch. The only retriever breed that currently has a DC is the Chesapeake Bay Retriever.

Hunt Test titles can be earned thorough the AKC, UKC and NAHRA. Hunt Tests are non-Competitive tests in which the dog (and handler) is measured against a standard. If the dog (and handler) meet the standard, a "pass" is earned. The AKC, UKC and NAHRA Hunt Tests are designed to resemble actually hunting situations. Each organization has different requirements yet is equally difficult and resembles different hunting scenarios. Hunt Tests are the most popular field events. AKC titles are displayed behind the dogs name were as, UKC and NAHRA titles are displayed before the dogs name.

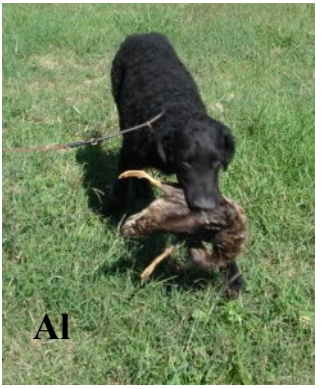
American Kennel Club (AKC)
Hunt Test Titles

JH = Junior Hunter: In order to be recorded as a Junior Hunter, a dog must be registered in the AKC Stud Book, and must have a record of having acquired Qualifying scores in the Junior Hunting Test at four (4) AKC licensed or member club Hunting Tests. Upon completion of these requirements, an AKC Junior Hunter (JH) certificate will be issued to the owner, and the dog shall be identified as a Junior Hunter in all official AKC records by the suffix title JH. A dog that has been recorded as a Junior Hunter may continue to enter the Junior Hunting Test, but no further Junior Hunter certificates will be issued.

SH = Senior Hunter: In order to be recorded as a Senior Hunter, a dog must be registered in the AKC Stud Book, and must have a record of having acquired Qualifying scores in the Senior Hunting test at five (5) AKC licensed or member club Hunting Tests, or, in the case of a dog that has been recorded as a Junior Hunter, that dog will be recorded as a Senior Hunter after having acquired Qualifying scores in the Senior Hunting Test at four (4) AKC licensed or member club Hunting Tests. Upon completion of these requirements, an AKC
Senior Hunter (SH) certificate will be issued to the owner, and the dog shall be identified as a Senior Hunter in all official AKC records by the suffix title SH, which title shall supersede the Junior Hunt requirements for a Junior Hunter have been completed.

A dog that has completed the requirements for Senior Hunter at AKC-licensed or member events is no longer eligible to compete in the Junior Hunting Test level.

Note* A dog that has been recorded as a Senior Hunter may continue to enter both Junior and Senior Hunting Tests, provided handlers are under age 18 at the beginning date of the test level entered but no further Junior or Senior certificates will be issued.



MH = Master Hunter: In order to be recorded as a Master Hunter, a dog must be registered in the AKC Stud Book and must have a record of having acquired a Qualifying score in the Master Hunting Test at six (6) AKC-licensed or member club

Hunting Tests, or, in the case of a dog that has been recorded by AKC as a Senior Hunter, that dog will be recorded as a Master Hunter after having acquired Qualifying scores in the Master Hunting Test at five (5) AKC-licensed or member club Hunting Tests. Upon completion of these requirements, an AKC Master Hunter (MH) certificate will be issued to the owner and the dog will be identified as a Master Hunter in all official AKC records by the suffix title MH, which title shall supersede any AKC Hunting Test title that may have been previously earned. A dog that has been recorded as a Master Hunter may continue to enter the Master Hunting Test but no further Master Hunter certificates will be issued. A dog that has been recorded as a Master Hunter may continue to enter Junior, Senior, and Master Hunting Tests, provided handlers are under age 18 at the beginning of the test level entered, but no further Junior, Senior, or Master Hunter certificates will be issued. A dog is not required to earn any title as a prerequisite for earning a higher title. Dogs that have acquired a Qualifying Score in a Master Hunting Test at an AKC-licensed or member Hunting Test and have not completed the requirements for a Junior or Senior Hunter title are eligible to compete at the Junior or Senior Hunter level until the requirements for a Junior or Senior Hunter have been completed. A dog that has completed the requirements for Master Hunter at AKC-licensed or member events is no longer eligible to compete in the Junior or Senior Hunting Test level.

Source: Regulations & Guidelines for AKC Hunting Tests for Retrievers. June 1, 2005.

United Kennel Club (UKC)/
Hunting Retriever Club (HRC)
Hunt Test Titles

SHR = Started Hunting Retriever: title is attained by earning four (4) passes in the Started category. Points/passes earned in a higher category do not count towards this title. A maximum of ten (10) Championship points can be earned in the Started category towards a higher degree. Once points are earned in a higher category, the retriever may not return to Started and earn the SHR title. Five (5) Championship points per UKC Licensed Hunt are awarded for those dogs who pass all Started Hunting Retriever tests.

- **HR** = Hunting Retriever: title is attained by earning forty (40) Championship points. Points can be earned in Started, Seasoned or Finished. Dogs are not required to earn points in Started and/or Seasoned to earn this title. If only five (5) points are earned in the Stated category, than forty (40) points may be earned in the Seasoned and/or Finished categories. If ten (10) points are earned in the Started category, then thirty (30) points may be earned in the Seasoned and/or Finished category. Ten (10) Championship points per UKC Licensed Hunt are awarded for those dogs who pass all Finished Hunting Retriever tests. Maximum of forty (40) Championship points towards a degree can be earned in this category. Unless ten (10) Started Championship points were earned, then a maximum of thirty (30) Championship points can be earned toward a degree in this category.

- **HRCH** = Hunting Retriever Champion: title is attained by earning one hundred (100) Championship points. Sixty (60) of the one hundred (100) points must be earned from the Finished category. Points can be earned in Started, Seasoned or Finished. Dogs are not required to earn points in Started and/or Seasoned to earn this title. A maximum of forty (40) points can be earned in the Seasoned category towards the Hunting Retriever Champion (HRCH) title, unless ten (10) Started Championship points were earned, then a maximum of thirty (30) Seasoned Championship points can be earned toward the HRCH degree. Fifteen (15) Championship points per UKC Licensed Hunt are awarded for those dogs who pass all Finished Hunting Retriever tests. Fifteen (15) Championship points per UKC Licensed Hunt are awarded for those dogs who pass all Finished Hunting Retriever tests.

- **GHRCH** = Grand Hunting Retriever Champion: title is attained by earning two hundred (200) additional points in the Finished, Grand or Upland—forty (40) points max from Upland—categories after the HRCH title is earned for a total of three hundred (300) points. Eighty (80) of the additional two hundred (200) points, above the HRCH title, must be earned from passing two (2) Grand Hunts. Forty (40) Championship points per UKC Licensed Hunt are awarded for those dogs who pass all Grand Hunting Retriever tests.

- **UH** = Upland Hunter: title is attained by earning forty (40) Upland Hunter Championship points. Upland points only count to-

ward the Upland Hunter title and HRC's Point Club Recognition programs. Ten (10) Championship points per UKC Licensed Hunt are awarded for those dogs who pass all Upland Hunt tests. The Upland Hunt Test is a separated licensed event and not to be confused with an Upland test that may be included in a Seasoned or Finished test or the Upland series of the Grand Hunt.

I want to express a
HUGE
THANK YOU
to these great folks
who contributed to the
making of this catalog.
I could not have done it
without you.
